

XS4 Original Keypad - EU

The SALTO XS4 Original electronic lock with keypad increases security and control, as it offers the choice of three forms of authentication to grant access.

Finish

Reader finish

Features

- Simple installation is possible on any type of door, including those with narrow frames.
- Body and escutcheon made of steel.
- Three forms of authentication configurations available to grant access:
 - Credential only.
 - Credential plus PIN.
 - Door code.
- Available with mechanical cylinder cut outs for key override or access lock outs (override European and Cam profile cylinder) with audit trail facility available.
- Mechanical or electronic privacy option.
- The lock can always be opened from the inside (single action panic feature works in conjunction with the relevant mortise lock).
